

Press Release

Confirmed Buyers Delegation from the ASSOCIATION OF MANUFACTURERS OF TRANSFORMERS & ACCESSORIES in the Dominican Republic!

March 1st, 2026 – Miami, FL

The Energy Expo (8th edition) takes place on August 12th and 13th, 2026 at the Broward County Convention Center, in Fort Lauderdale, with an expanded program serving United States and Latam / Caribbean markets.

The event focuses on clean energy fields. This year's edition introduces a special matchmaking programs. One of these relies on the transformer sector, combined with the participation of a major international delegation from the Dominican Republic.

ADOFA – The Association of Manufacturers of Transformers & Accessories in the Dominican Republic is bringing a large delegation of member companies, associated entities, and technical professionals to **The Energy Expo**. This participation marks a major step forward in strengthening regional collaboration and expanding business opportunities between the Caribbean and major manufacturers and distributors.

ADOFA serves a significant portion of the transformer needs across the Dominican Republic and plays a vital role in supporting the country's power infrastructure and industrial development.

The Energy Expo will schedule special exhibitor/sponsor private meetings with the **ADOFA** delegation. To request please mail@TheEnergyExpo.com
